SANA KHURAM

Frontend Developer

Frontend developer skilled in React, Next.js, TypeScript, JavaScript, and Tailwind CSS. I build responsive, accessible, and performance-driven web applications, delivering user-focused solutions for real-world projects, including e-commerce platforms, dashboards, and charity websites. Open-minded and adaptable, I thrive under pressure, stay focused on demanding projects, and embrace continuous learning to continuously improve my craft.

Recently featured on the Noroff [website](#).

Projects

● **Holidaze** – Accommodation Booking Platform (2025)

Built a modern booking platform where users can create, book, and manage vacation rentals. The project also includes user authentication and profile management, developed as part of the final exam for Noroff FED2.

Teck stack:

React, Next.js, Tailwind CSS, TypeScript, API
